“Dunes Homestead”™

An impressive and elegant architect-designed home, which enjoys a north facing hilltop 4-acre location, with unparalleled 180+ degree views. Encircled by the beautiful Great Otway National Park, the main homestead is also sited within delightful natural parkland and rolling lawns. With an expansive vista of the Otway Ranges and majestic sand dunes behind the heritage listed Aire River estuary, this luxurious dwelling has views over extensive pockets of eucalypt forest.

The beautifully coloured Grampians sandstone walls were constructed by ‘Cathedral Stone’, a well - established company also responsible for the restoration work of St Pauls and St Patricks Cathedrals in Melbourne and the stone work at Federation Square. These are a testament to the ancient craft of stonemasonry. With a central stone fireplace of grand proportions and karri floors throughout the living areas, the finest materials and craftsmanship have combined to create a magnificent house designed for maximum living enjoyment.
