Smart, Sophisticated Anglesea living

This brand-new townhouse allows you to walk to everywhere and enjoy the best of Anglesea living. 1c Walker Street is an elegant architectural design that strikes a balance between contemporary comfort & warm character. This clever design maximises the natural light and the coastal surrounds.

The wide and open plan north facing spaces with high ceilings sets the tone downstairs with sliding doors that allow the design to seamlessly flow to the well appointed backyard and decked area.

The kitchen is an entertainer dream and equally expansive as is the rest of the home.

This deceptively large four-bedroom home with three bathrooms, two living zones and study combines dynamic, light filled living spaces with a versatile floor plan and a bespoke fit-out.
