

## 34a Montrose Avenue **Apollo Bay, VIC**

## Great block, right spot

This 596sqm block of land in the old central part of Apollo Bay has underground power to it, water and sewer. The existing homes around it are all in place so you can see what will be around you.

To the north are new single level dwellings so there is no chance of losing the north sun.

An excellent building site in the right part of town a short walk to shops and beach.

## BED
