Secure a prime piece of Anglesea

This is a rare and unique opportunity to secure a prime piece of Anglesea. Being completely land locked by National Park there is limited supply so securing your spot should be given every consideration. Choose from one of three vacant lots ranging in size from 880sqm to 1067 sqm.

Each vacant allotment has a northerly aspect, with two street frontages located off Clairville Street and the third off Noble Street.

Located in a tightly held area away from the hustle and bustle, peace and privacy is assured. All three beautiful allotments allow you to plan for the future knowing your place in Anglesea is secure by staggering your investment if you are not ready to build right now. There is no time limit on building. The allotments have mains water, power and sewer available. The contour of the land is gentle, it provides the potential to build and capture the views, while the trees provide a beautiful coast amenity. The location is fantastic, the allotments are generous and the potential to fulfil your coast dream undeniable.
