

11 Peter Avenue Anglesea, VIC

Classic Quintessential Anglesea

Step back in time to quintessential Anglesea beach home living. This classic 1960s home is packed full of summertime memories and it is ready to be loved by the next generation. All the retro features are intact; just add a little imagination to picture a contemporary, bright and breezy home. The generous picturesque 1060 sqm (approx) allotment adds potential, making it simple to extend the footprint if required; or add another storey and capitalise on the stunning coastal views waiting to be discovered (all STCA).

Highlights of the home include north facing open plan living, three bedrooms, a second living area or study and a central bathroom. There is also a large workshop area, which could be used to create a studio or further living. The open fire and original timber floors add charm, as does the built-in timber cabinetry. Ample storage both inside and out is a bonus. The garden is a wonderland with winding paths and secret shady spots to enjoy.
