Beautifully renovated and affordable

Having gone through a substantial renovation and extension in 2014, this very comfortable two storey residence has all the modern finishes and appliances you would expect in a contemporary beach house. The three bedroom residence is immaculately presented and features beautiful recycled timbers throughout. The main living area, dining and kitchen – complete with butler's pantry - are upstairs along with the master bedroom, bathroom and study which could be used as a fourth bedroom when required. The east and west facing decks provide great space to capture the morning and evening sun. A second living area, two bedrooms and a bathroom are located downstairs with a stunning feature wall creating true beach ambience from the moment you enter. The entire ground floor has under floor heating for those chilly winter days as well as a wood fire upstairs. If you are looking for a beautiful, fully renovated coastal residence that is low maintenance and will not break your budget, then this property is ideal.
